AWARDS

Fulbright Mobility Scholarship
2018-2019

French Fulbright Alumni Price
2018-2019

George Lurcy Scholarship Funds
2018-2019

Harvard French Scholarship Funds
2018-2019

Fontainebleau School of Fine Art Price
*Best collaboration between architects
and musicians*
2016

EDUCATION

Harvard

> Master in Design Engineering / 2018- present

This interdisciplinary master was collaboratively conceived and built by two schools—the Harvard University Graduate School of Design (GSD) and the Harvard John A. Paulson School of Engineering and Applied Sciences (SEAS)—to address these complex challenges by training a new generation of innovators. - Cambridge, MA

Ecole Nationale d'Architecture de Paris-Est

> HMONP / 2017- 2018

Accreditation of a qualified State Architect to exercise his profession in his own name - Paris, France

> Master in Architecture / 2015 - 2017

Class valedictorian. Specialisation in forms and structures in architecture, in collaboration with Ponts et chaussées engineering school. - Paris, France

> Bachelor in Architecture / 2012 - 2015

Academic exchange / 2014 - 2015 : IUAV Istituto universitario di architettura - Venice, Italy

Ecole des Beaux Arts de Fontainebleau

> International summer workshop / July 2016

International summer school about architecture and music. - Fontainebleau, France

EXPERIENCES

Harvard

> Teaching Fellow / 2019 - present

Accompany engineer undergraduate students through the design thinking process.
- Cambridge, MA

Chapman Taylor

> Project Manager, Architect / 2016 - 2018

Design and management of several projects in France and North Africa. Collaboration with interdisciplinary international teams. Engagement with building stakeholders on construction site. Creation and design of construction details. Research on future of architecture and infrastructures for innovative projects. - Paris, France

Elcimai Engineering

> Engineer Intern / 2015

3D modeling and design of industrial building by learning engineering modeling tools.
- Paris, France

Art and architecture agency of Samira Saoudi

> Architecture Intern / 2014

Design of Mosque, villas and hotel in south Morocco, by understanding the complexity and the needs of South Moroccan vernacular architecture. - Agadir, Morocco

Pathologie d'Ouvrage d'Art

> Construction Intern / 2013

Visit and participation in the construction of engineering infrastructures for Vinci construction, collaboration with construction stakeholders and workers. - Paris, France

PROJECTS

NASA SUITS Challenge / 2018 - present

Design and creation of space suit information displays within an augmented reality (AR) environment. - Cambridge, MA

Biodesign Challenge / 2018 - present

Research on bio-inspired nanotechnology to design a catalytic device keeping food from rotting.
Cambridge, MA

Lallab / 2017 - 2018

Muslim Feminist association

Système B bidonville / 2016

Prototyping and construction of costless design for suburban Parisian slums - Paris, France
